

## Volunteering opportunities:

His Place and Opus are run by volunteers and we are always looking for more people to help and now we have this amazing project and four years of fun ahead of us we would love to gain more helpers to join the team. Volunteering for the time you can spare weather it is an hour a month or more. Some jobs can be done from home and others we would need you to visit the site to help with.

**Tour guides** – support to show people around the building, discuss the architecture, the history and more.

**History collating** – support with the recording of artifacts, photo recording, researching and collating.

**Website support** – updating website, blogs, face book

**Publicity and promotion** – Support with poster designing, mail shots, articles for magazines, spreading the word.

**Fundraising volunteers** - Help plan and run events locally, in small teams, take up a challenge, run the marathon

**Administration support** – preparing articles for the book, DVD, making phone calls, answering letters, sending out emails etc.

**Café support** – we are always in need of more help in the café as we continue to get busier with serving drinks, cooking, running social activities. We will remain open throughout the renovation of the building.

Contact us through post – His Place (Heritage project)
